Dedication

A Creed

There is a Destiny that makes us brothers;
None goes his way alone:
All that we send into the lives of others
Comes back into our own.
I care not what his temples or creeds,
One thing holds firm and fast —
That into his fateful heap of days and deeds
The soul of man is cast.

EDWIN MARKHAM

For the past four years we have lived in an environment that has enabled us to appreciate the fact that all men can live in harmony if they understand and respect the full worth of the individual. Therefore we dedicate this book to the continued realization in our lives of this idea and ideal.

THE PRESIDENT'S MESSAGE

Dr. Woodward

To Members of the Class of 1955:

Yours is the first *Grist* to be published from the new Rhode Island Memorial Union. It is fitting that our yearbook should find its home in this splendid structure, the heart of campus life where the varied program of extracurricular activities comes to a focus.

The Union is indeed a laboratory of democracy. Through the pages of the *Grist* will be a record of the democratic process at work in the various facets of university life — self-government marked by free speech in the Senate Chamber; free speech also over the radio station; a free press producing the *Beacon* and the *Grist* — freedom with responsibility on the part of the students, counseling and advice without censorship on the part of the faculty. These are the experiences and the kind of teamwork that are typical of the American democratic tradition.

You members of the senior class have reason to be gratified that a long-time co-operative effort was climaxed in your senior year and you were privileged to enjoy the benefits resulting from an effort in which you have played an important part.

We are sure that for years to come you will treasure the *Grist* as a record of your undergraduate days, and that it will serve as a lasting bond with your alma mater.

With every good wish,

CARL R. WOODWARD
President

THE CLASS ADVISOR'S MESSAGE

Miss Potter

The years of your campus residence have witnessed much gratifying construction and improvement. Watching this physical expansion from the comfortable perspective of our peaceful college, you may have easily forgotten the transitory nature of mortar and bricks.

The secure individual in a troubled age such as yours must possess a solid foundation of basic intellectual principles, a framework of absolute ethical concepts, and a facility for adjustment and conversion to unpredictable circumstances. His greatest fear will lie, not in the destruction of his familiar physical surroundings, but in his inability to realize his greatest human potential; the constant struggle to improve his small corner of the world. In becoming such a fearless individual, each of you has the fondest hopes of your academic associates of the last four years, the faculty of the University of Rhode Island.

MISS NANCY POTTER
Class Advisor

FRESHMAN YEAR

Beginning was tough, we had to learn so much and there were so many bent on contributing to our education . . . "A Queen is Crowned"

The Aggie Bawl

The Aggie Bawl successfully mingled filmy gowns and velvety-nosed calfs in a farmyard decor at Keaney Gymnasium. Muriel Johnson was crowned Queen of the dance.

The Soph Hop

Marcia Sayles reigned as Queen of the Soph Hop mid the clouds and skylines of the 'Star-Light Roof.'

The Military Ball

The Military Ball, sponsored by Scabbard and Blade, was a successful welcome to its new initiates. Nancy Nelson was chosen Co-Ed Colonel for the coming year.

The Slide-Rule Strut

Against a backdrop of a huge slide-rule, Judith Barker was crowned Queen of the Slide-Rule Strut. The various and familiar instruments of engineering composed the rest of the decoration.

The Junior Prom

The Biltmore Ballroom was the stage, Count Basie provided the music for dancing and listening, and Jackye Carlesi was the center of attraction at our Junior Prom.

Open House

The high point of the Open House festivities was the crowning of our University Queen. June Street was a lovely Miss U. R. I., surrounded by a beautiful Senior Court.

THE UNION STORY

The following few pages are dedicated to a progressive pictorial history of our Student Union — starting in 1943 when the present Phi Gamma Delta house was converted into a war-time union building; then the building of the quonset hut union in 1946; and finally the erection of the new Rhode Island Memorial Union, with its dedication on November 13, 1954.

This was a luxury . . . then!
The wheels of progress begin to roll . . .

This was the big moment . . . construction had started!
We dedicate this building in fond memory of . . .

Some people say it's better than the old one . . .
This is a luxury . . . now!

An evening class in Union 34.

Carol and Edna were two girls that registered, but didn't stay around for Freshman Week.

Phi Kappa Phi

This organization was established to provide an honor society dedicated to the Unity and Democracy of Education and open to all honor students.

It is a national scholastic society which was established on this campus in 1913. Each year students of outstanding scholarship are elected for membership in the society. During the eighth semester students are selected on the basis of their previous seven semesters. A few students are selected during the seventh semester.

The Phi Sigma Biological Society has the Alpha Xi Chapter on this campus. It was chartered on May 17, 1935. The society consists of active, alumni, faculty, and honorary members. Juniors with an average of B, or better, in Biological subjects are elected on the basis of their interest in the field of biology.

Alpha Zeta

Alpha Zeta, the national honorary agriculture fraternity, maintains its purpose by fostering and developing high standards of scholarship, character and leadership and a spirit of fellowship in the agriculture profession.

Each year the Rhode Island Chapter of Alpha Zeta awards a loving cup to the freshman in agriculture with the highest scholarship honors. This year's recipient was Peter Gardner of Hope.

In addition to the customary activities, an annual steak roast staged in the Fall for member-alumni, and an initiation ceremony and banquet in the Spring constitute this Chapter's objective — dedication of agriculture through achievement.

Tau Beta Pi is a national honor fraternity of engineers. This fraternity is, in engineering, equivalent to what Phi Beta Kappa is in the Humanities.

The purpose is to recognize in a fitting manner those who have conferred honor upon their alma mater by distinguished scholarship and exemplary character as undergraduates in Engineering, and to foster a spirit of liberal culture in the engineering colleges of America.

An engineering faculty rating system is one of many projects of Tau Beta Pi.

Tau Kappa Alpha

Tau Kappa Alpha is a national honorary society which invites to membership those who have been outstanding in speech activities for at least two years at the University of Rhode Island. The key with the scroll and wreath is worn by those who have achieved recognition in debate, discussion, or extemporaneous speaking not only on our own campus, but in competition with college students from all over the East Coast.

Alpha Mu Chapter of Omicron Nu was founded on this campus in October, 1951. This organization is a national honor society established for the purpose of promoting scholarship, leadership, and research in the field of Home Economics. Outstanding juniors and seniors are admitted each year on an election basis. The activities of this chapter are set up in accordance with the general purposes of Omicron Nu.

Scabbard and Blade

In 1904 The National Society of Scabbard and Blade was founded at the University of Wisconsin. H Company of the 6th Regiment was established at the University of Rhode Island in 1927.

The purpose of the society is to raise the standard of military education in American colleges and universities and to encourage the essential qualities of good and efficient leaders.

Each spring H Company presents the Military Ball, one of the most outstanding social events of the school year.

The Showmanship Club is one of the more recently organized clubs on campus. Within a period of two years its popularity has been rapidly increasing. This organization is made up of students who are interested in preparing, showing, and judging plants and animals. The club sponsors a dairy judging team and a poultry judging team. It is noteworthy to mention that both teams have done exceptionally well in New England competition.

Who's Who Among Students in American Colleges and Universities

Twenty-six students were elected to "Who's Who Among Students in American Colleges and Universities." They were selected for this honor on the basis of scholarship, cooperation, and leadership in academic and extra-curricular activities, citizenship, service to the school, and promise of future usefulness.

Alpha Delta Sigma

Alpha Delta Sigma is a national professional advertising fraternity with more than fifty chapters in colleges and universities throughout the United States. It is the only self-supporting organization on campus. Membership is for life and includes an affiliation with the Advertising Federation of America. Its many activities include: printing your school blotter, promoting better advertising on campus, attending conventions and going on field trips. The fraternity also presents two \$25 awards for excellence in advertising.

Physics Society

In 1948 the Physics Society of the University of Rhode Island was organized and officially approved. To attain its end of acquainting the physics student with the objectives and methods of modern research physics, the society has prominent speakers lecture to the group. At other occasions movies are shown, and discussion groups are formed.

American Institute of Chemical Engineers

The University of Rhode Island Student Chapter of the American Institute of Chemical Engineers was organized to promote a professional attitude, to acquaint its members with topics of interest by means of addresses by experienced men and through student research, and to foster a spirit of good will among chemical engineering students. Dr. Shilling is the faculty advisor to the student chapter.

Each year in the Fall and Spring an outing is held to acquaint the new students in chemical engineering with the organization and to promote a closer contact with the professors and students.

The Student Chapter of the American Society of Civil Engineers, which is open to all students of the Civil Engineering curriculum, participated in both professional and social activities throughout the year. The society visited such places as the Scituate Reservoir, the Boston Central Artery, the Cranston Sewage Plant, and the South County Sand and Gravel Company. The year of 1954 was brought to a close by a Christmas party which was held at Beta Psi Alpha Fraternity.

American Institute of Electric Engineers and Institute of Radio Engineers

This is the student branch of the leading Electrical Engineering organizations today. Its principal objects are the advancement of the theory and practice of electrical engineering and of the allied arts and sciences and the maintenance of a high professional standing among its members. Its members sponsor speakers in the electrical field, present and discuss technical papers and take part in inspection trips to places of engineering interest.

The American Society of Mechanical Engineers is a national professional society for Mechanical Engineers. Its purpose is to advance the profession by providing the opportunities for engineers to band together and discuss problems and recent developments.

The A. S. M. E. Student Branch is supported by the National Society. Its purpose is to provide students with most of the benefits of the parent organization and to indoctrinate the student into the society. It supplements the engineering education by providing technical speakers, field trips and other special events.

Math Club

The Mathematics Club of the University of Rhode Island was organized here five years ago. Its purpose is to advance and disseminate knowledge of mathematics and to foster study and research in the various fields of mathematics. In this way it provides a real educational opportunity for those interested.

The Accounting Association was formed in March, 1949, to supplement the study of accounting, to investigate the possibilities of employment for graduating members, and to promote social activities. Another purpose is to acquaint all students at the University with the uses and functions of accounting. Each year the name of an accounting major who over the first 3 years has attained the highest average in class work has his name inscribed on a plaque in the College of Business Administration.

Insurance Association

The Insurance Association of the University of Rhode Island was formed during the Fall semester, 1950, to advance the study and knowledge of insurance at U. R. I., to enhance the position of the insurance student during his business career.

The programs offered by the society include speakers from various insurance concerns, and numerous field trips to visit large insurance organizations.

The Society for the Advancement of Management (known as S. A. M.) was started on the Rhode Island campus in 1945, and reactivated in 1948. The Society is the recognized national professional society of management people in industry, commerce, education, and government. It is the purpose of this organization to acquaint the student with people in these fields of business, and keep them in contact with the latest information concerning employment, business and management.

Chemistry Society

The purpose of the University of Rhode Island Chemistry Society is to present an interesting and diversified program. This includes lectures by prominent speakers, field trips to chemical plants, and technical movies.

The Chemistry Society is a chapter of the Student Affiliate of the American Chemical Society. Students majoring in chemistry or chemical engineering are eligible for membership in the Student affiliate. The Chemistry Society is, however, open to all who are interested in chemistry.

Student Senate

The Student Senate is the only organization on campus that is truly representative of the student body — one student and one alternate are elected for every forty students. Its powers permit regulation of all student activities not covered by the charter, by-laws, and regulations of the university.

Sachems is an honorary service organization composed of Seniors who are "tapped" in the spring of their Junior year. Membership is based upon active participation in campus activities and creditable scholarship. By fostering cooperation among the administration, the faculty and the student body, the organization attempts to find solutions for campus problems. Among its responsibilities are: the Ram, the supervision of the freshmen rules enforcement and the sophomore vigilantes, planning and execution of the football rallies, the mayoralty campaign, and the Rhody Review. Since their formation the Sachems have contributed to a more active school spirit.

Blue Key Society

The Blue Key Society, like other key organizations on most campuses, acts as a host to people visiting the University of Rhode Island. The Blue Key promotes a feeling of good will between Rhody and the visiting teams, and also encourages interest in all athletic teams.

In addition to welcoming athletic teams, this year, the Blue Key helped welcome the people who attended the Panhellenic Workshop and the New England W. S. G. A. Regional Conference, which were held at the University.

The objects of the Women Student Government Association are to instill a spirit of cooperation and friendship among the women students, to control such matters of university life as are under administrative rule and the rule of the Student Senate, and to transact business pertaining to the women students.

Among the many activities of the W. S. G. A. members are the Philanthropic Project, which was concerned this year with the Exeter School. Another very interesting event is MERC week — Male Economic Recovery Week, which is a welcome to the male students.

Judicial Board

The Judicial Board, with the President of W. S. G. A. acting as the presiding officer, is composed of the Dean of Women, six members elected by W. S. G. A., and six members appointed by W. S. G. C.

This group of students, with the sincere guidance and advice of Dean Morris, acts not as a jury, as might be suspected, but as an advisory council whose primary interest is that of helping the women students adjust to college life and to its necessary regulations.

The Board of Directors of Rhode Island Memorial Union was first organized in the year '48-'49 with two representatives from each of the upper classes and the Director of Student Activities and his staff. Its functions are to plan and coordinate cultural, recreational, and social activities. The Board also determines various policies which concern the operation of the Union.

Being representative of the students, the Board of Directors functions with the student viewpoint in mind.

Class of 1956

The Junior Class at the present is busily planning their Junior Prom, the only off-campus dance for underclassmen. We are also engaged in organizing a staff for the GRIST of 1956. These activities are quickly proving that the long awaited Senior year is fast approaching. Memories will remain with us and will be a constant reminder of our days at U. R. I.

For the first time the Soph Hop climaxed an "Out of This World" weekend — and it really was. Remember the Stratosphere Finals, the Interplanetary Games, and the cool Supersonic Swing on Sunday afternoon?

The Sophs wish to extend sincere congratulations to the Class of 1955. We'll miss you around the quad.

Class of 1958

The hurricane class of 1958 is well on its way. Starting out as the largest class to enter the University of Rhode Island, the future seems bright, as spirit and ambition are high. Plans for the Freshmen dance, which we hope will prove to be a big success, are now in progress. Everyone is looking forward to the big spring semester at the seashore. Hope old Mr. Sun will do his share. Watch out for us because we plan to take the campus by storm during the remaining years of our stay at U. R. I.

Remember the coops? We don't — only the painfully pleasant odor of oils redecorating our ranch house. We remember our Harvest Haunt rehearsals and the surprise on Miss Witch's face. We remember our trips to the new union in pastel slickers when it wasn't training — and before we knew it,

T'was a wonderful year — a house full of crazy fun — pies and measles parties. Sigma Delta Tau

Our newly painted living room with our terrific looking mantle . . . wonderful memories of convention . . . winning two plaques in Miami and lo and behold! winning the Homecoming Display Cup! Receiving Honorable Mention on Honors Day . . . fraternity serenades at midnight . . . entertaining our

alums and mothers . . . a lop-sided Santa at Mrs. O's Christmas party . . . the Brain Trusts' Brawl . . . not to mention Panhellenic activities — Oh! those human wheelbarrows on field day and the flaming torch of formal rush . . . these are just a few of the wonderful memories of Sharing Days Together.

Sigma Kappa

If the walls in our little brown house could only talk they would remind us of the wonderful times we have shared together; but what Sigma could never forget:

... popcorn in the kitchen ... jokes, too;
... Homecoming and the crepe paper and staples ... tons of them;
... freezing on our prize-winning float;

... "Sit" day;
... finding cornstalks on our doorstep before the Barn Dance;
... the pipes bursting five minutes after the Formal Party;
... the skunk on our doorstep with a letter of introduction;
... our unique and wonderful Christmas tree;
... above all, our Mrs. Northup ... mother, scholar, and friend.

East Hall

September, and East Hall welcomed us to the glorious University of Rhode Island campus. Our two rather unladylike predecessors; hurricanes Carol and Edna, had slightly upset the beauty of the campus, but nevertheless, our early days of the school year were off to a successful start — both socially and scholastically.

We all had an opportunity to plan a surprise party for the upperclass members of our house. This unexpected party certainly caught our friends off their guard!

In the campus social whirl East Hall again made its debut; our candidate for the queen of the Aggie Bawl brought home the beautiful loving-cup.

To East Hall our fondest thanks for a year of happy friendships and successful intellectual endeavors.

Eleanor Roosevelt Hall

Every year Eleanor Roosevelt Hall has a full and enjoyable social calendar. The basis of this is, of course, its residents who make up a fine versatile group of girls. The biggest thrill of the first semester was the winning of the basketball trophy, which brought with it much honor and pride. The girls gave their annual Christmas party for the orphans which made many children happy and gave Eleanor Roosevelt girls a feeling of satisfaction. The Homecoming float added much color to the biggest weekend of the year. With all this well-founded organization we can easily see even better and more wonderful years for Eleanor Roosevelt Hall.

The governing body of fraternities was founded in 1911. The purpose of Polygon is to promote a friendly spirit among the fraternities, to formulate and oversee rushing rules and resolutions relating to fraternities, to regulate interfraternity activities, and to promote the welfare and interest of the fraternities associated in this organization. All fraternities on the U. R. I. campus are represented in Polygon, and each house has one vote.

Beta Psi Alpha

Beta Psi Alpha was established in 1932, and 8 years later, through the efforts of the Brotherhood, a fine chapter house was built.

The house accommodates 42 students very comfortably, and also provides for its commuters. In a relatively short period of time, Beta Psi Alpha

has grown into a brotherhood that exceeds well over 400 members.

Although Beta Psi Alpha is one of the youngest fraternities on campus, its members have certainly won a great deal of recognition by their scholastic, athletic, and social achievements.

Ma Jackson's boarding house still standing, rattle the cages and see what comes out.

Down and dirty — cost you twenty to see me.

Do a trick Brindle — nice boy; now — give back the digits.

Oh, no! Not two boiled eggs for supper!

Man, that Prexy's another Hitler when he's mad.

Oh —

Is that a fact —

Yeah — ?

Tooth paste and shaving cream still at parity.

Major catastrophe — 3 juice bars closed for renovation at the same time!

Return of some vets, exits of some sophomores.

Phi Gamma Delta

Looking back over the past year there are many memories for the men at Fijiland. The opening of the New Student Union put a serious handicap on the house lovers. For the first time in many years the house did not smell like

the Rhody cow barn, reason — no aggies. Fraternity pins were as scarce as ever and several more became members of the ball and chain gang.

The past has been a pleasant one and let us all hope there is more of the same for all in the future.

Phi Kappa Theta

In 1947 at Rhode Island State College, several intimate friends decided to form a club for the purpose of placing their "friendship on a firmer and more lasting basis." The Aquinas Club formed by these men became the Phi Kappa Theta Fraternity on June 6, 1949.

In the six years since the birth of Phi Kappa Theta, we have seen our College grow into a University. Our Fraternity has steadily progressed toward becoming a strong and lasting organization.

This past year, Phi Kappa Theta has made its mark in intramural athletics by creditable performances in basketball and football and the winning of the Softball trophy for the 1954 season.

Homecoming, the Hayride in the rain, the pledges who got "lost," bull sessions, and the meetings will be the cherished memories of our graduating seniors. Behind him, each senior leaves a part of himself. Through Brotherhood he has strengthened his Fraternity. Through the Fraternity he has strengthened HIMSELF.

Phi Mu Delta

Phi Mu Delta was founded in 1918 by the universities of New Hampshire, Vermont, and Connecticut. The Rhode Island chapter was originally a local fraternity founded by eleven students who petitioned the college admin-

istration in 1924 and received a charter for Delta Sigma Epsilon. Shortly after, what is now the Village Church House became the first chapter house. In 1929 the local was absorbed by the National Phi Mu Delta and chartered as Nu Eta Chapter. The recent building was occupied in 1932.

Phi Sigma Kappa

1954-55 will leave many memories for us at Phi Sig — a lively, hard-working pledge class, who brought home the Alumni Cup for the Homecoming display — the dedication of a punch bowl to the New Student Union in memory of those of Phi Sigma Kappa who gave their lives in World War

II — coffee hours — pledge formal — Christmas party for underprivileged children — costume dance — the beach party — and of course, all the fond greetings of brothers, and the bull sessions.

To the graduates, the best of luck and success, and to the remaining brothers — keep up the good work.

Rho Iota Kappa

The past few years have been great ones for Rhody's first fraternity. They have marked the burning of the house's mortgage, the completion of a program of renovation, the repetition of intramural cross-country, football, and basketball successes, the retiring of the intramural debating cup, the outstanding performances of PIK varsity athletes, such as Marozzi, Von Weyhe,

Apkarian, Schult, and Foster, the realization of truly great Nut House Bawls, and finally the publication of a new house magazine, **THE PIK DIAMOND**.

Most important, however, is the fact that Rho Iota Kappa has continued to maintain and nurture the indestructible principle of fraternity that has typified her spirit since her founding almost a half century ago.

Sigma Alpha Epsilon

The years seem to pass with amazing celerity and find many of us preparing to take our final leave from S. A. E.

It is impossible to recall all the good times we have had, and equally difficult to forget the friendships we have made.

Who can remember everything about the Metacomet or the "Shuffle?"

and how about Homecoming weekend?

These are some of the things we will never fully recall yet we will think of them often.

Although many will never actually live here again, we can always return and be welcome, because that's the way it is with Sigma Alpha Epsilon.

Sigma Chi

We, the brothers of Sigma Chi, will remember this year as one filled with happy events and experiences that have further enriched our lives scholastically, fraternally, and socially.

As the year comes to a close, we wish the graduating class much happi-

ness and success after a hard fought four years.

This year marks the 100th anniversary of Sigma Chi and it is our wish that this chapter will someday reach the centennial year and still be a part of the University of Rhode Island, which according to the ideals of the fraternity is our first loyalty.

Sigma Nu

Take the Inter-fraternity sing, intramural football, basketball, and baseball, dances, the White Rose Formal, meetings, bull sessions, and good fraternity spirit, put them all in the last nine months, and you have the pleasures

that Sigma Nu has enjoyed throughout its first year at Rhody. Studies, of course, were also a pleasure — when completed! Such vivid members of fraternity life and friendship will always remain with us as we look to the future containing our successes and our failures.

Tau Epsilon Phi

Tau Epsilon Phi started the year with the greatest and largest pledge class in history. Al Germani, Bruce Lang, and Bruno Beer were just three of this great pledge class. After two days of getting paint all over our clothes and not on the walls we settled down to the serious business of wine, women,

and song. We also did a little studying to break the monotony. The year was loaded with color including a certain "Blue Tip." We will miss our departing seniors. They are "Muscles," "Basil," "Count Profanity," "Ibn," "Chippe," "Wee Willie," "Willie Lobblatt," "Nervoue," and "Bernie." We wish them all luck and we look forward to an even greater success next year.

Theta Chi

We've had some good times this year. For example, the social season with such stalwarts as the Beaux Arts Ball, Paddy Murphy's Wake and the Formals were supplemented by social hours, faculty guests for dinner, Vic dances and, of course, the spontaneous Saturday night parties. It got so bad

even Tooty had a date.

In the house there were the friendships, laughs, those insidious bull sessions and other items too humorous to mention.

Then, there's the I. A. C. cup to prove it wasn't all folly.

Yes, it was a good year, but it's the future that counts!

Tau Kappa Epsilon

Not one or two, but four years . . . three of them spent in the Big White House, and they'll be remembered years.

Parties, dances, football and basketball games, track and baseball . . . "down the line" and the beach . . . the beach.

Yes, the memory lingers . . . the Underground, the Holiday and this is the year the Homecoming display almost blew out to 138.

And this is the year . . . the big year for the seniors. They'll be around forever . . . a part of them, anyway.

Bressler Hall Association

After several unsuccessful attempts, in previous years, a small group of the upperclassmen in Bressler Hall formed the Bressler Dormitory Association. The main purposes of our organization is to develop social life in the dorm, to achieve a voice in campus activities, and to promote self-government within the dormitory.

During the past year we have held many successful social events — a vic dance in the rec room, a reception for the alumni on homecoming, and a Christmas party.

We feel that ours has been a very prosperous year and are looking forward to a much better and stronger organization in the coming years.

Butterfield Hall

With a lot of ambition the Butterfield Dormitory got started on its activities last May, and notwithstanding the difficulties, it has placed itself on the map. There was a picnic, a coffee hour, a Christmas Party, and other events which all of us enjoyed. The fireplace kept going all Winter and gave atmosphere to the lounge. A lot of struggling took place and it resulted in a stronger association. Our student senators, floor representatives and officers tried hard to do their best. Today, Butterfield is a campus entity.

University of Rhode Island Christian Association

The University of Rhode Island Christian Association is a fellowship of the Protestant students on campus which sponsors many activities for those interested. The "9:30 Class" on Sunday morning and the Sunday evening group which meets at the Protestant Chaplin's house for supper and informal discussions are two of the activities.

Study groups on the Bible, Tuesday evening Chapel, and Thursday evening forum and discussions are also part of the campus program. Deputations and social action have become increasingly more active and important.

To complete the list, there are summer service projects, program planning retreats and intercollegiate conferences.

The Newman Club, named for the great John Cardinal Newman, was formed at Pennsylvania University in 1893. There are now over five hundred clubs in American universities and colleges.

It is the official Catholic organization on campus, holding meetings twice a month. Its aim is the religious, intellectual, and social welfare of the Catholic students, who are given the opportunity of the daily privileges of their faith at the Chapel of Christ the King.

Canterbury Club

The University of Rhode Island Canterbury Club, is affiliated with the National Canterbury Association and sponsored by the Episcopal Church. The Association's motto, "*Pro Christo Per Ecclesiam Ad Collegium*"—"For Christ Through Church and College," serves to guide the Club's spiritual and social activities throughout the college year. Spiritual activities head the weekly calendar with the Club-sponsored Sunday Morning Prayer and the Friday morning Holy Communion. Social functions include, besides the bi-weekly meetings, Sunday evening suppers and Tuesday coffee hours.

Membership and participation are open to all interested students and is not limited to members of the Episcopal Church.

Hillel is an organization established for the purpose of providing students of the Jewish faith with religious, cultural, and social activities.

On our campus, Hillel's activities are numerous and varied. The best known of Hillel's affairs are its Sunday "Brunches" and the annual "Model Seder" commemorating the Jewish Holiday of Passover.

Through its many activities, which are open to all, Hillel hopes to better acquaint the members of the campus with the Jewish faith, in an effort to strengthen better understanding among religious faiths.

Interfaith Council

The Interfaith Organization is composed of all the members of the religious groups on campus. Its purpose is to promote better understanding among, and further the common interest of the member organizations.

The Interfaith Council, pictured above, is made up of three representatives from each of the religious groups. They formulate ideas, originate and plan the policies of the Interfaith Organization.

This year they have been making steady contributions and will leave a definite foothold for future progress.

From far distant places the foreign students at the University of Rhode Island are practicing the methods of democratic government in their club.

The members of the club hear discussions and talks on various countries and see pictures of them; they hear of strange customs and listen to unfamiliar music. It is as interesting to Americans as to Foreigners. A picnic culminates each year's activities.

The result is more friendship and less misunderstanding in the world. This club is the place where East meets West and North meets South in a friendly handshake.

The International Relations Club

The International Relations Club holds informal discussion meetings throughout the year. Also, about once every month a guest speaker addresses the Club on some aspect of world affairs. The IRC makes available several magazines at the Student Union to interested students. It sends delegates to intercollegiate conferences on global problems. Its chief aim is to bring the importance of world events to the attention of the University community.

The Socius Club is an organization of students interested in Sociology and the professional and occupational aspects of this subject. Study trips are made to institutions and places of interest and its meetings, held on the second and fourth Tuesday of each month, are addressed by a selected group of speakers.

Viajeras Club

The Viajeras Club is for women commuters of the university. The center of the club's activities is found in Davis Hall. The commuters make an effort to participate in campus activities; being represented in sports, the Beacon, various clubs, and the Grist. By way of reputation, the commuters will always contribute their best to the University of Rhode Island.

Started years ago, the Aggie Club is comprised of agricultural students. Possibly the biggest annual dance held on campus, the Aggie Bawl, is sponsored by the Club. Each year the Aggie Club awards keys to outstanding Senior agricultural students and a plaque to the outstanding Junior Aggie. Once during the year, the Club publishes the *Gleaner*. An annual picnic and a field day round out each year's activities.

Home Economics Club

The Home Economics Club, affiliated with the National Home Economics Association, has been active at the University of Rhode Island since 1921. Membership is open to any woman student on campus.

An opportunity for service to the college and community, information about the family and home, and personal development are offered to each member.

Each year the club sponsors a get-acquainted picnic and a Silver Tea, which is for the benefit of foreign students, besides its regular meetings.

The Nutrix has been an active organization of the School of Nursing since 1950. Through this organization the students on campus and in the clinical area keep informed of the activities and developments of the School of Nursing and nursing profession, and have the opportunity of planning activities together.

Apart from having representation on the R. I. Council of Nursing Students, a delegate is sent yearly to the National Student Nurse Association Convention. The students also support the Isabel M. Stewart Scholarship Fund.

Missing from the picture are the Juniors and Seniors who are at present in the clinical areas.

Scroll

The Scroll is the campus literary Society. Its purpose is to promote interest in all types of Literature, and to encourage original literary compositions. Its informal meetings include play readings, faculty guest speakers, book reviews, movies, and other noted speakers in the field of literature.

The society was founded in the Spring of 1938. Miss Nancy Potter is the present faculty advisor.

The Chess Club was organized the first semester and is the youngest club on campus. Its activities include a tournament for the campus championship and intercollegiate team games which will be the main event in the future.

Every U. R. I. student interested in chess may join the club; lessons are offered each semester by the Chess Club members to all those interested.

Wranglers Portia

"Remember the issues" is a phrase the Rhode Island debaters will long remember after they stop packing their bags to go to tournaments. Spending long hours in the library, analyzing evidence, learning to think logically — these are things the debaters will never forget.

This year the debaters went to New York University, University of Connecticut, Brown, and the University of Virginia. In addition to the tournaments, there were bi-monthly radio shows, the College Congress, and the High School Congress to round out a busy year.

The main purpose of the Economics Club is to enlighten students on domestic and international affairs in the economic sphere and is composed of any member of the student body who wishes to join. However, it is also open to any member of the community who wishes to attend its meetings. It was organized in February of 1954. In conjunction with the main purpose of this club is the purpose of hearing as many speakers on as many subjects in the economic world as possible, e.g. international trade and business cycles.

Pershing Rifles

The Pershing Rifles is the drill team of the R. O. T. C. cadets. Under the leadership of James Lembo they practice outside of regular drill hours to gain proficiency in drill. They represent the University in intercollegiate competition as well as in Parades in Rhode Island communities on national and local holidays.

The most noted performances on campus, when the Pershing Rifles perform publicly, are in honor of the girl selected as honorary Colonel at the Military Ball and the girl selected Miss University of Rhode Island at Open House in the spring.

THE PURITAN is the annual organ of campus opinion and literary and artistic effort, both humorous and serious. Staff membership is open to anyone interested and willing to work, and contributions of sufficiently high caliber are accepted from both on-campus and extension students. This year for the first time, **THE PURITAN** gave up its intimate pocket-size format in favor of the larger 9" x 12" size preferred by "big-college" magazines. The staff members also offered a twenty-five dollar prize for the best short story submitted to them.

Radio Club

The primary purpose of the Radio Club on the University of Rhode Island campus is to promote and disseminate information relative to amateur radio. In 1948, equipment for a 400 watt station, KIKMV, was constructed, making it possible to contact other amateurs throughout the United States and Canada. Membership in the Radio Club is open to anyone interested in amateur radio communication.

This year's University Band set a new high for fineness of performance and appearance. We are all indeed grateful to the Patrons' Association whose efforts made possible our new uniforms. A special word of thanks goes to Professor Mary C. Whitlock, College of Home Economics, for her time and effort in assisting the Music Department in the design of the new uniforms. Strengthened by the increasing enrollment of music majors, the marching "blue and white" assumed a greater role in college activities. Under the leadership of Professor Frank Van Buren, the Band performed at all home football games and added new color to rallies. The annual Christmas and Spring concerts were greatly enjoyed by all. Each member of the organization deserves a hearty "thanks" for an admirable job.

UNIVERSITY ORCHESTRA

The University Orchestra made up of students and augmented by faculty members and a few townspeople was increased this year to a total of thirty members. Instrumentation has been improved to the point where the standard symphonic literature can be included in its repertoire. The Orchestra rehearses once each week and has played one major program each semester. Soloists in the Spring concert were Madeleine Bousquet, pianist, and Carl Jackson, violinist. Thomas Worthington is the manager, and Professor Arnold Clair of the Music Department, the director.

UNIVERSITY CHORUS

The major performances of the University Chorus for the past year included a Christmas Concert, the feature work "The Christ Child, by J. C. Bach. In the Spring semester a joint concert with Worcester Polytechnic Institute and Becker College in Worcester, Massachusetts, will be held on campus. Music of J. C. Bach, Mozart, Wagner, along with "Showboat Medlies" by Kern will be sung as major portions of the performance.

WRIU

The campus Radio Station, WRIU, which was formed in 1939 adds to the University community the service of radio broadcasting from a student's viewpoint. This organization, open to any interested regularly enrolled student of the University of Rhode Island, has grown in size and popularity into one of the largest student organizations on campus numbering 125 active participants. Music, news, sports, and special programs constitute WRIU airtime. WRIU has grown from a small group of radio enthusiasts, to South Hall where it became a member of the Intercollegiate Broadcasting System, and then to new quarters in the Rhode Island Memorial Union, which is now housing the "Voice of U. R. I."

Yacht Club

The University of Rhode Island Yacht Club was established in 1935 for the purpose of gathering together all students interested in sailing, to improve their skill by instruction and experience, and to encourage and promote good sportsmanship in racing competition. The club maintains a club house and boats on Salt Pond in Wakefield for the use of its members.

The club is an active member of the New England Intercollegiate Sailing Association and is responsible for the Intercollegiate Dinghy Team.

This year the Outing Club was fairly dominant for the first couple of months. We have planned a spectacular second semester. Hikes, rock climbs, picnics, bicycle trips and an Easter Vacation Ski trip up North will round out the season.

We are building from a very small nucleus but feel that with our International Outing Club Association and contacts with other schools' Outing Clubs, we shall mold into a fine organization.

The University Theatre

Phi Delta is an organization within the University Theatre; membership in Phi Delta is based upon a point system in relation to the amount of work done in the organization.

Our Spring production will climax a successful season that included "The Heiress," "Gramacy Ghost," and a statewide High School Drama Workshop. Under the able direction of Mr. Will the University Theatre has continued to grow and is looking forward to many more entertaining seasons.

The Grist staff has attempted to distribute the space available in the 1955 Yearbook in a manner that would make the best presentation and be the most satisfactory in the eyes of those concerned.

I would like to congratulate the editors and their staffs on the fine job they did in collecting and preparing the immense amount of photos, copy, and art work which was needed.

to make this yearbook possible. It seems like only yesterday that we all met in Davis Lounge and informally discussed plans for the book. I am sure that at the time, I was not alone in wondering whether or not the job would ever be done. But here it is; although it almost wasn't—and we sincerely hope that you will get as much enjoyment from reading the 1955 Grist as we got from putting it together.

The Beacon

The college weekly paper, the BEACON, was first printed in 1908, and was a small ten page booklet printed once a month. At present, the BEACON operates in a professional manner, published each Wednesday, with a twelve to sixteen page issue and a circulation of over 2,400 including students, faculty, and alumni.

Experience in all fields of writing: news, sports and features, are open to any interested student as well as opportunities in makeup work and in the commercial aspects of journalism such as advertising and circulation.

The election of officers is held in the early part of the second semester to afford the incoming officers the benefits of graduating seniors' experience.

The BEACON is representative of student efforts, publishing editorials, information, articles, and ideas of student or college problems.

Men's Sports

The Rhode Island Club is an honorary organization of varsity lettermen. The club enforces the rules regarding the wearing of the letter and aids in the promotion of athletics at the college.

In addition to its athletic guidance program, the club takes part in many campus activities, the feature of which is the annual spring banquet. Also, there is the Rhode Island Club Alumni Carnival Dance, featured for each Homecoming Weekend.

At the finish of each school year, honorary keys are presented to the most outstanding members of the club.

Cheerleaders

Rhody's cheerleaders are an enthusiastic and vivacious group of students who promote good sportsmanship and add a spark to the football and basketball games. They can always be seen leading the spirit at all the home games and as many of the "Away" as possible.

Our squad this year sparked the athletic events with originality, pep, and color. With Doris Thomas as their Captain, they introduced new cheers and flashed Pom-Poms, never used before at Rhody. They also added a touch of "Ivy" with their gray Bermuda shorts.

As a member of the New England Collegiate Rifle League, the varsity rifle team represents a serious threat to member teams as they vie for league honors. This year's team has benefited greatly from the experience of such sharpshooters of past years, as Alan Wright and Art Schreiner, to say nothing of the outstanding performances by the Goldman twins, Art Tougas, Joel Rosen, Robert Heisienger. Old timers, with an eye to the future, are keeping close watch on some very promising Freshman material which should serve to bolster the Varsity Team when competition commences again this fall.

Intercollegiate Dinghy Team

The 1954 season found Rhody consistently among the country's top dinghy teams.

Their most noted performance was finishing second out of a 13 team field in the Boston Dinghy Club Cup. Among the teams placing lower than the Rams, was MIT, which later became the 1954 National Champions.

Led by their national ranking skippers, Brad Boss and Bruce Loring, the outlook for the 1955 Spring season is bright and includes an expected birth in the National Championships to be held at Boston, as well as an invitation to sail the '42' Annapolis yawls in the McMillan Cup Regatta at Annapolis, Maryland.

For the third straight year since his return from the service, Coach Hal Kopp and his able staff of assistants guided the University of Rhode Island football squad to a highly successful season. Closing the '54 record books with four straight victories, the Rhody Rams matched their seasonal record of last year with a 6-2 mark. Combined with the phenomenal 7-1 slate of 1952, it gives the Kingstonites a 19-5 overall record under Hal Kopp's recent direction, firmly establishing Rhode Island as a small college power in the East.

NORTHEASTERN AT KINGSTON

A couple of inconsiderate and uninvited guests, Carol and Edna, slowed pre-season training considerably.

With the training thus set back several days, and being short-handed to start with, the Rams entered the opener against Northeastern as slight underdogs. On the second play of the game, tackle Charlie Gibbons fractured an ankle and was taken out, not to see action again until five weeks later. Bob Novelli replaced Chuck as regular tackle and was a standout all season long.

Led by Pat Abbruzzi, Frank DiPiro (each of whom scored touchdowns), Dick Cahill and Dick Grann, the Rams registered a 13-6 victory, the identical score by which they conquered the Huskies last year. Abbruzzi received his costly and much-publicized injury in the final period of this contest.

AT MAINE

With Gibbons and Abbruzzi out of action, the Black Bears of Maine were made slight favorites, especially since they were at home.

Coming from behind in the third period, Rhode Island registered on two scoring passes, one an 88-yard play from Bill Montanaro to Dick Cahill and the other a DiPiro to Montanaro combination which went for 66 yards. DiPiro added both extra points for a final 14-7 margin.

AT NEW HAMPSHIRE

The courageous Men of Rhody finally ran into an outfit which wouldn't be denied. Still shorthanded, the Rams were pulverized by Billy Pappas and company, 33-7. The lone R. I. score came on a three-yard punch by sophomore Montanaro. This was the game which eventually decided the Yankee Conference championship. The Wildcats and the Rams finished 1-2.

AT BROWN

Fed people gave Rhody a chance in this contest. Pat Abbruzzi managed to get into the game, but he aggravated his ankle and was put out of action again. Cahill and Ed DiSimone also received injuries. The great Brown team, itself injury-riddled, plastered Rhode Island with its only shutout of the season, 35-0, before 15,000 fans at Brown Stadium. This was the game in which Les Peavy, Bruin guard, crashed head-on into DiSimone and received a brain concussion.

MASSACHUSETTS AT KINGSTON

The Redmen come to town with a 3-0 record. They were overrated, but heavily favored; the Rams were mad. All of the Kingstonsites played well that drizzly afternoon and UMass took a 52-6 beating from an undisputably better team.

Ed DiSimone turned in a spectacular five TD-performance. Four of his scores were on short bucks and one a pass from Montanaro. Sophomore Johnny Leach, starting his first game at URI, announced himself as future potential when he legged it 48 yards for a score. Montanaro and a third sophomore, Ken Seal, scored the other touchdowns.

HOFSTRA AT KINGSTON

Rhody almost matched its UMass performance with a 46-14 win over Hofstra. Ed DiSimone continued his yeoman work with two touchdowns. Kazar Apkarian, returning to the football wars after a year's absence, also scored twice. Leach contributed one and even Chris Latos, Rhody's outstanding guard and game captain, scored after intercepting a Hofstra pass.

The game marked a return to action of tackle Charlie Gibbons and back Pat Abbruzzi. The latter scored on a play which was probably the prettiest of

the season. The Rams lined up for a field goal. Dick Grann kicking and DiPiro holding. DiPiro took the pass from center and threw to Abbruzzi on the left as Grann blocked out the oppositions. Pat carried two men into the end zone with him. This play was repeated successfully against Connecticut, although Abbruzzi was stopped this time on the two-yard line.

AT SPRINGFIELD

Rhode Island threw a big goose-egg at the Indians in a game which featured defense. Abbruzzi and DiSimone scored the two touchdowns in the 13-0 decision.

CONNECTICUT AT KINGSTON

Rhody closed its season with another shutout, this one a 20-0 kick in UConn's face. Pat Abbruzzi, playing his last collegiate football game, gained 221 yards alone and scored two touchdowns, one a 37-yard jaunt. DiSimone rang up the other tally. The Homecoming crowd of 6,200 saw the Rams defeat the Huskies for the third straight year.

ODDS AND ENDS

Pat Abbruzzi was named on the first All-Yankee Conference eleven for the fourth straight year. Tackle Dick Grann, guard Henry Brenner, and back Ed DiSimone were second-team selections. Guard Chris Latos received third-team honors . . . DiSimone was the team's leading scorer, ground gainer, and punter . . . Abbruzzi was selected as a player in the annual North-South game played Christmas night in Miami's Orange Bowl. Pat turned in the best run of the night, scampering 52 yards for a North touchdown. The Rebels rallied to win, 20-17 . . . Grann has signed to play with the professional Baltimore Colts, while Abbruzzi goes to the Montreal Alouettes.

The Rams had a 17-10 slate; quite an improvement over last year's 8-14 mark!

Credit is due head coach Jack Guy and his assistant, Herb Maack, for a job well done. The Rams won seven of their last ten games; hit the century mark five times; broke the Keaney Gym record against New Hampshire; broke four records against Massachusetts at Amherst; and compiled an excellent won-lost percentage while playing a schedule which most observers think to be their toughest in recent years.

Highlights of the season were: the appearance of the Rhody team in the All-American City Invitational Tournament at Owensboro, Kentucky, during the Christmas holidays; the return of Holy Cross to the list of opponents; and victories over St. Joseph's and Colgate.

The Rams started their season by playing an exhibition game with UConn to help the Huskies dedicate their new field house at Storrs. Connecticut had already played several exhibitions and their team was in mid-year form. Rhode Island absorbed its worst beating of the season in its opener, but showed considerable improvement in the two other UConn games.

Rebounding Rhody upset St. Joseph's in an excellently played contest which opened Kingston's home season.

In the Owensboro, Kentucky tournament, the Rams started off with a bang, breaking a record against Kentucky Wesleyan. Two games later, Evansville reset the record, using Rhody as victim.

Two victories over Brown preceded the Holy Cross game in which All-American candidate, Tom Hein-

sohn, led the Crusader team to a decisive win over Rhody.

The Colgate game had as an exciting a climax as we have seen in Kingston in recent years. Behind, 65-55 at the half, Rhode Island staged a near-miraculous rally to send the game into overtime, and subsequently pulled it out by one point.

Against UMass, the one-and-two team total records fell, as did the individual field goal mark. Billy VonWeyhe broke the mark by sinking fourteen two-pointers.

Sophomore VonWeyhe and two other second-year men, Ron Marozzi and Angelo "Junior" Dages, were standouts all season long. Co-captains Dave Stenhouse and Art Hellwig, the only seniors on the squad, played their usual excellent brand of ball. Two juniors, Eric Anderson and Bob Stairs, contributed their height efficiently in the backboard wars. Stairs handled the all-important job of spark-plugging Rhody's second-half rallies.

With all but two of this year's lettermen returning, next season promises to be even better. At last, the Rams are ready to resume their status as one of the top small-college teams in the East!

The University of Rhode Island's Varsity Cross-Country team once again experienced a fine Fall season, under the expert tutelage of Coaches Fred D. Tootell and Malcolm M. Williams. The squad consisted of Henry Tremblay, Stu Smith, Ed LaPierre, Bill Turnbull, Bill Hammond, Ray McGuire, Glenn Smith, Bill MacQuattie, Harry Hampson and George Brown. Seniors included Tremblay, S. Smith, Hammond and McGuire. The record stood at five wins, one loss and one tie. The tie was the first in Coach Tootell's experience of thirty years while here at the university.

Rhody open their season by downing Springfield, 20-30. Tremblay and Hammond were two-three, while Hampson and Smith took the fifth and sixth spots.

The second meet found the Ram harriers winning impressively, 20-35 over Fordham as MacQuattie, Hampson, S. Smith, Tremblay and Hammond finished 2-6 respectively.

Rhody's third encounter was a loss to Northeastern's Huskies, 27-30, but the Rams did take the first position as Harry Hampson outlegged the crew. Following Hampson were S. Smith (3), Tremblay (5), MacQuattie (9) and LaPierre (12).

Providence College fell to the Rams under a 24-31 assault in Rhody's fourth meet. Bill MacQuattie led the parade with a second position followed by Hank Tremblay, third, Harry Hampson, fifth, Bill Hammond, sixth, and S. Smith, eighth.

The Bruins of Brown University underwent a very sound trouncing as the Ram harriers "went to town," 17-41. Hank Tremblay garnered a first position in this one with Hampson, second, MacQuattie, third, LaPierre, fifth and Hammond, sixth. Tremblay covered the Bruin course of 4.3 miles in 22:03.

In the first tie in thirty years of cross-country varsity competition at the University of Rhode Island, the Connecticut Huskies deadlocked the Rams, 28-28. Although the team ran its fastest individual time of the season, not enough members finished high to score effectively. Harry Hampson was first for Rhody and third in the meet followed by MacQuattie, fourth, Tremblay, fifth, Hammond, seventh, and LaPierre, ninth.

In the final dual meet of the year, Rhody downed New Hampshire 25½-29½ in a thriller. Harry Hampson and Hank Tremblay finished 3-4, while Bill MacQuattie tied for fifth spot, 5.5-5.5, and S. Smith, seventh, and Ed LaPierre, eighth, finished up.

The remaining meets of the season found the Rams third in the Yankee Conference Championships with a 72 team total. In the NEICAAA, they were fourth in a field of fifteen schools, and the ICAAAA found them in seventeenth position of 24 participants. The Rams didn't score in the NCAA.

Track and Field

TRACK RECORD

Rhode Island.....	97½	Boston College	37½
Rhode Island.....	83½	Springfield	53½
Rhode Island.....	95	Providence College	40
Rhode Island.....	90	Brown	45

In Varsity Track and Field, during the Spring of 1954, the Rhode Island Rams garnered a 4-0 slate. The track squad, again coached by Fred D. Tootell and Malcolm M. Williams, consisted of Indoor trackmen Joe Pizzo, Bill Morris, Don Walsh, Stu Smith, Kazar Apkarian, Francis Brown, Bob Horton, and Charley Guber. Outdoor trackmen found the above men minus Horton, plus Hank Tremblay, Steve Cook, Sherwood Friend, George Dodson, Joe Short, Stan Chorney, Vic Nerses, LeRoy Grinnell, Bill MacQuattie, Charlie Gibbons, Bob Taylor, Bob Conde and Bob Sands.

Also, Bob Avila, Ron Bedard, Joe Coleman, Bob Carulo, Joe Dawson, Dick Fuller, Bill Hammond, Ray McGuire, Dave Makiri, Dick Oster, Tony Rufo, Paul Sullivan, Vern Tuxbury, Hugh Wright and Don Yaras.

The first meet of the season saw the Rams take Boston College 97½-37½. Rhody captured first place in ten of the fifteen events and swept all placings in five contests. One of the most exciting events of the day was in the 880 when Stu Smith bested Bill MacQuattie by a very slim margin. Bob Sands was handed his only defeat of the season in the 100 yard dash in this meet.

Springfield was the next team to fall, 83½-53½. Rhody, in meeting their toughest test, boasted ten firsts which provided the margin of victory. The surprise of the meet was Don Walsh's win in the 440, where the Rams copped all three places. Another high point was Kazar Apkarian's shot-put throw of 49 feet, 7 inches. Bill MacQuattie's photo-finish over Stu Smith in the half-mile made him a double winner of the day since he had earlier won the mile. This was Smith's only defeat in the half-mile of the season.

After rain said good-by to the Connecticut meet, the Rams chased the Providence College Friars all over the field to the tune of 95-40. The Rams scored heavily in the weight events in this meet. Rhody took twelve first places and four complete events. Bill Morris took two spots for the meet's only double winner in the broad jump and low hurdles. Morris made a jump of 22 feet, 10 inches in the broad jump for his finest effort in dual meet competition. Bob Taylor's record breaking hammer throw and Bob Sands' ten second 100 yard dash were other highlights.

Rhode Island ended its dual meet season with an impressive 90-45 victory over Brown. Bill Morris again was a double winner, taking the broad jump and low hurdles in fine form.

Joe Pizzo was high point man for the Rams, scoring in the 440, javelin and 220. The half-mile provided the best race of the day as Stu Smith won by a few strides over the nearest Bruin. Bill MacQuattie and Bob Conde finished three-four. MacQuattie earlier had won a thriller in the mile with a 4:30 clocking.

The Yankee Conference Championship meet found Coach Tootell's forces winning an unprecedented seventh consecutive track title. Tootell has won every Yankee Conference track meet since the six state universities became a playing conference back in 1948. Rhody's all-time scoring mark is 474 $\frac{1}{2}$.

In the NEICAAA competition, Rhody finished third of 23 entered schools.

The records set by current track performers at Rhode Island include the following:

100 yard dash — Sands — 1954 — 9.9 (tied)

440 yard dash — Pizzo — 1954 — 4:23.4

220 yard dash — Guber — 1954 — 21.9

Shot-put — Apkarian — 1953 — 49 feet, 8 $\frac{3}{8}$ inches.

Javeline — Pizzo — 1954 — 179 feet, 8 inches.

These records are all for Yankee Conference Championship meets.

Row 1: Coach Paul Cieurzo, J. Marble, R. Scorio, E. Cohan, B. Mendes, D. Foster, E. Golden, F. LaPiana.

Golf

The University of Rhode Island Golf Team, coached by Paul F. Cieurzo, had a fine season on the links in Yankee Conference play and other matches. As their record indicates, the team had some tough, close defeats, but always played with determination and dexterity. Ben Mendes and Ed Golden were co-captains, while other squad members found Ed Cohan, Jim Marble, Dave Foster, Ralph Scorio and Fred LaPiana competing throughout the Spring. Of these seven members, Golden, Mendes, Cohan and LaPiana were seniors.

The season opened against Maine where the Ram "divot diggers" prevailed 14½-12½ over the Black

Bears. With the combinations of Mendes-Scorio, Golden-Cohan, and Foster-Marble, the team won its first two. After Maine came a 23½-3½ trouncing to Bates and then losses to Colby, Maine, Brown and Connecticut. The NEI-YC play found Rhode Island with a combined total of 330 strokes and a 17th place rating of 21 participating teams. Ben Mendes had the top individual score for the Rams and was among the top 16 scorers of the tourney. The final match of the year came against Trinity when Rhody absorbed a 20½-6½ loss. The overall record stood at 2 wins and 5 defeats.

Tennis

Rhode Island's varsity tennis team, under coach John L. Chapman, turned in a good net season. Paced by lettermen Pete Viera, Joe Diurni, Ken Aldrich, John Reardon, Jack Bailey and Art Helmus, the squad played a total of nine matches, five of which were Yankee Conference play. Viera, Diurni, Aldrich and Reardon were the senior team members with Diurni as Captain. Bailey was a junior while Helmus was a sophomore.

Sometimes playing in poor conditions, the team lost its first two matches to Maine by the combined totals of 5-4 and 6-3. The Rams' only win of the season came when they blanked New Hampshire's Wildcats, 9-0. The team then fell into a tailspin, losing its final six matches. However, conditions of playing areas due to the weather and many other factors did much to influence the outcome of the season. The overall slate stood at one win and eight losses.

Coach Bill Beck with a squad of seventeen players, thirteen of these lettermen, turned in a very fine year of the diamond sport with a record of 5-12. The overall slate does not actually tell the true story at first glance. The actual results can be supplemented by a few statistics showing the hard luck in which this team was playing. During the season, the Rams lost a total of six one-run affairs while winning only two of this variety. They were whitewashed six times whereas the pitching staff blanked the opposition but twice. Extra-inning contests were in order, as the team played four of these, three of which they lost by a score of 1-0. The fourth was a four hour, 17 inning affair against Springfield which the Gymnasts took 5-2.

The team consisted of the starting nine composed of regulars, Jack Wojcik, Dick Cahill, Pete DiMasi, Dick Lendrum, Pat Abbruzzi, Gene Edwards, John Pagano, Ken Dellner, and a pitcher. Of these regulars, Captain John Pagano was the only senior on a squad of six juniors and ten sophomores. The remaining lettermen who alternated quite regularly at their respective positions were Pete Barchi and Doug Hopper. The remainder of the squad found Bill Tweedell, Jim Norman, Bill Considine, and John "Whitey" O'Donnell. Of course, the pitching staff consisted of Dave Stenhouse, Carl Stahl, Dick Nordberg and Tony Horton.

Rhody's first game saw Trinity fall under an eleven hit barrage, 7-2. Stenhouse and Nordberg combined on a five-hitter with ten walks and thirteen strikeouts. Lendrum collected the first base-hit while Edwards had three and Wojcik two.

Boston College took the Rams into camp by shutting them out, 7-0 in the second encounter for Rhode Island. Rhody garnered only five singles throughout the afternoon while Stenhouse needed late inning aid from Stahl.

The next seven games went into the lost column for the diamond sport. The baseballers, with a 9-8 win over Newport Naval Training Station in a practice encounter, won only this game in eight consecutive.

Brown began the losing streak by a 3-2 count as Stenhouse again started and went the distance. The ninth inning saw Pete Barchi, in a clutch pinch role, spank a ringing two-run double to left, but the Rams couldn't quite squeeze it out and lost by one marker. Dave allowed nine hits and four base-on-balls while whiffing ten Bruins.

Maine's Black Bears plus Old Man Weather chilled Rhody's winning aspirations 3-1 in a rain-abbreviated five-inning at Meade Field in the fifth game. Carl Stahl went the shortened distance, allowing only three hits, but having poor support as evidenced by four errors afield, thus resulting in three unearned runs.

The Springfield Gymnasts won a 4-1 game over Rhody after the Maine setback which saw Dick Nordberg, Tony Horton and Stenhouse as the combined mound staff. Nordberg hurled the first four frames, allowing four safeties, while striking out one and passing four. Horton came on in the fifth and blanked Springfield for three frames with only two singles. Stenhouse mopped up by fanning two of the five batters he faced in the eighth. Ken Dellner's line double, which scored John Pagano in the ninth, was the only Ram threat.

In a hectic encounter which saw five pitchers, twenty-five hits, five errors, and nineteen runs, Maine once again defeated Rhody; this time by the score of 10-9. The game featured just about every type of incident which could be connected with baseball what with rhubarbs, errors, spectacular defensive plays and timely hitting. The Rams' defensive highlight came when left-fielder Gene Edwards made a circus catch of a towering fly ball in the eighth, and offensively, Jack Wojcik turned in a fine afternoon with two singles and three runs batted across. Stahl started, followed by Nordberg and Horton, with Tony the eventual loser.

New Hampshire's Wildcats set down the Blue and White in their eighth contest, 5-0 at New Hampshire. Stenhouse went seven frames with Nordberg finishing. The Rams could get but five singles all afternoon while Dave gave up the identical number to the Wildcats.

Brown next took Rhody by 1-0 in a ten inning affair at Meade Field. Stenhouse saw complete action and lost a heartbreaker after allowing seven hits in ten frames. He walked only two, while whiffing ten.

The Rams then traded games and victories with Providence College in successive encounters. The Friars took the first game, 7-0 as Tony Horton started followed by Carl Stahl who allowed one run on one hit over the final two innings. The next date of play saw the Rams finally break out of their slump and win a ball game. Stenhouse spun a superb two-hit shutout, walking three, striking out thirteen and facing thirty men in nine innings. The big blow for the Rams was Ken Dellner's screaming triple with the sacks jammed in the seventh which actually accounted for four runs and the ball game, as Ken later scored. This game marked the first scoring by Rhode Island in 28 consecutive innings.

The next two encounters were of the "squeaker" type where Rhody lost both by a 1-0 count. Connecticut and Massachusetts were the culprits. Stenhouse absorbed both losses, which were rather hard to take. The Massachusetts game was an extra-inning contest and the first game of a twin bill. The second game was taken by Rhody as Carl Stahl threw a two-hitter at the Redmen. Stahl walked only one man in his brilliant effort. The winning run was fashioned by John Pagano's first-inning double, one of Rhody's three hits.

After an 11-3 win over Quonset Naval Base in a practice affair, the Rams went on to a tedious seventeen-frame duel with Springfield's Gymnasts. The game lasted four hours, fifty-five minutes and saw only three hurlers. Stenhouse and Sanford started with Sanford going the route although allowing 11 hits, and Dave going the first fifteen. Stenhouse gave but four hits while fanning 18 in the fifteen frames, but passed four-teen Gymnasts. Carl Stahl absorbed the loss as he took over for Stenhouse in the final two frames, giving three runs and four hits.

Rhody's final encounter found Carl Stahl losing to Connecticut 2-1. Carl allowed but five hits, but two teammate errors opened the floodgates.

The team had a poor hitting season, as a whole, but showed flashes of brilliance at moments. Pagano was the only senior. The second-short combination of DeMasi and Cahill was excellent. Edwards, Pagano and Dellner patrolled the picket line while Lendrum and Barchi split the chores at third as did Abbruzzi and Hopper at first. Jack Wojcik turned in an all around job behind the mask.

Football

After one of the closest and, on paper, confusing finishes in the fall battle for Intramural Football Champion, Theta Chi finally came out on top. This team, which could be termed as "great in the clutch," emerged from a five-way tie in League 2 to gain a play-off berth for the championship. In the playoffs, Theta Chi was matched with Phi Gam and SAE opposed Beta Psi. The finals found Red and White prevailing, 9-6, over the "Basin Street" boys.

Basketball

For the first time in many years a dorm team won the basketball championship when the Bressler "A" team unseated Phi Mu as champions. Bressler took the title by beating Lambda Chi in a best-of-three playoff series, after both teams had finished first in their respective leagues. Ken Isherwood, Jim McPhee, and Don Palagi were the high scorers on the team; and the rebounding of Don Haworth helped them along. Other members of the team were John Long, Gordon Annon, and Don Salisbury.

Foul Shooting

Phi Mu proved to be the dead eyes on the foul line as they won the foul shooting championship with a total of 97 out of 125 shots. Second place went to Bressler "A" with 90 points and Lambda Chi was third with 89 points. John Helmus led Phi Mu with 22 points, to tie for first with Jim McPhee of Bressler, Dick Sisco of S.A.E., and Harry Mathews of T.K.E. Other sharpshooters on the Phi Mu Team were Jerry Hereld with 20 pts., Bob Anderson with 19 pts., and Jack Wojcik who scored 18 free throws.

Cross-Country

Theta Chi won the cross-country title by edging a strong A.E. Pi team with a low total of 71 points. P.I.K. took third in the title run and Phi Mu was fourth. The placing of Barry Fagan (6), Bill Arnold (7), Bill Dumais (14), Walt Cushing (21), and Dick Alling (23) offset the efforts of Ray Giornelli of Beta Psi, who took the individual title by winning the race.

Coaches and Staff

The University of Rhode Island has an athletic coaching staff of nine men plus an administrative contingent of seven individuals. These are the people who give to the university a fine sports representation:

William M. H. Beck — Bill, whose son Bill is an Olympic ski champion, came to U.R.I. in 1934. He graduated from Providence College in 1924 with a Ph.B. and from Boston University in 1935 with an M.Ed. Bill is now head coach of Baseball. He also served as head coach of Football in past years and as coach of many other teams. Bill lives at 18 North Road in Kingston.

John L. Chapman — John, who came to us in 1950, graduated from Dartmouth College in that year with an A.B. degree. John is head coach of Tennis at U.R.I. and is the backfield coach in Football, in addition to his duties as a teacher. John lives at 1382 Kingstown Road in Kingston.

Paul F. Cieuzo — Paul, who has been at Rhode Island since 1936, serves as the Assistant Director of Health and Physical Education for men at the university. He also is the intramural director for the school. Paul graduated from the University of Rhode Island in 1931 with a B.S. degree and from Columbia University in 1939 with an M.A. degree. He lives at 94 South Road in Kingston.

Jack G. Guy — Jack came to U.R.I. from Bucknell University where he was head coach of Basketball and assistant coach of Football. He now serves in the same capacities here at Rhode Island. Jack graduated from Ohio Northern University with a B.S. in 1937 and with an M.A. from Columbia University in 1948. He has played professional basketball during his athletic career and served a hitch for Uncle Sam. He lives at 28 Little Rest Road in Kingston.

Harold W. Kopp — Hal has seen on and off service at Rhode Island. He originally arrived in Kingston as head coach of Football in 1950. After taking a leave-of-absence for Uncle Sam, Hal again resumed the Football wars. During his stay here at Rhody, he has seen four years of a tremendous upswing in Varsity Football. He was graduated from Western Maryland College in 1933 with a B.S. He lives at 12 Railroad Avenue in Peace Dale.

Herbert H. Maack — Herb is a newcomer to the Rhody ranks as he came to us in 1953. He served with Jack Guy at Bucknell on the coaching staff there, and since coming to Rhody has assumed the duties of Freshman Basketball and Baseball coach, in addition to an assistant's job in Football, besides teaching. Herb graduated from the Teachers College of Columbia University where he received both his B.S. and M.A. in 1942 and 1946. He lives in Wickford, Rhode Island.

Carl V. Slader — Carl, an Assistant Professor of Physical Education, came to Rhody in 1952. He is a fine advocate of the physical

attributes and failures of the human body, about which he often instructs his pupils. Carl also is a camera-bug, taking many of Rhody's movies of athletic contests. Carl graduated as a B.S. from Springfield College in 1932 and an M.Ed. from Boston University in 1937.

Fred D. Tootell — Fred is Rhody's immortal Olympic hammer thrower and head coach of many renowned track teams. "Toot's" teams have set many new and astounding records during his stay of thirty years at Rhode Island. Fred is now Assistant Athletic Director of the university, in addition to his coaching duties. He graduated from Bowdoin College in 1930 with an A.B. degree. He now resides at North Road in Kingston.

Malcolm M. Williams — Mal came to Rhode Island in 1943 as a track coach. He has written many famous books on track and is considered as an authority in this field. Mal received his B.S. from Boston University in 1951 and his Ed.M. from the same school in 1953. He now lives on Avic Street in Narragansett.

Richard K. Cole — Dick is our trainer here at Rhody. The athletes cannot do without him as he applies healing techniques to one and all. Dick came to us in 1946 as head trainer. He is a leader in many groups connected with his field. His home is at 7 Spencer Circle in Wickford.

Thomas R. Doherty — Tom is the Sports Publicity man for the university. He takes care of the sports releases, information, and any news coming from in and around Keane Gymnasium. Tom also takes many pictures; some of which have appeared in the 1955 Grist sports pages. Tom is active in the Elks Organization and is on the school committee of South Kingstown. He lives at 9 Liberty Street in Wakefield.

Frank W. Keane — For Frank, there isn't very much that one can write that hasn't already been written. Frank is the greatest coach in Rhody history and was at one time considered the best in the nation. He is now Athletic Director of the University, and of course the Frank W. Keane Gymnasium is named and dedicated in his honor. At present Frank lives at 1411 Kingstown Rd., in Kingston.

James J. Rodgers — Jim is the friend in need of the athletes. Wherever they go, they must rely upon Jim for their uniforms and equipment. Jim has been at U.R.I. for many years and knows the "ins and outs" of equipment management. He lives at 54 Kenyon Avenue in Wakefield.

J. Lester Walton — Les is the secretary to the Athletic Director at Keane Gymnasium. In addition to this job, he also is the University Administrative Officer. He resides at 7 Avic Street in Narragansett.

Women's Athletic Association

The Women's Athletic Association is an organization intended on fostering interest in competition through Field Hockey, Basketball, and a host of other sports. The promotion of good sportsmanship and teamwork is its primary interest.

With the beginning of the new school year we returned with Pauline Hogan as President, Natalie Peterson as Vice-President, and Marsha Satnick as Secretary-Treasurer. These girls were assisted by a council of representatives from all the housing units, the head managers of the various sports, and our new addition, a Freshman representative. This council is the governing body of the WAA — setting rules and directing the whole group.

At the end of March the WAA will send its officers plus another delegate to the National Conference of the Athletic Federation of College Women to be held at Smith College.

Finally in the Spring at our annual banquet will come the rewards for work well done — shields, keys, and jackets will be awarded as a token of appreciation for their participation.

Field Hockey

September 21, 1954 marked the opening of our inter-house elimination field hockey tournament. The clear Fall weather, with help of daylight saving time lent itself graciously to our benefit. The house season drew to a close on October 21, 1954 with the final game held between Gamma Nu and Sigma Kappa. It was a very close game, with both

houses exercising their greatest ability. The hockey plaque was held over for another year by Gamma Nu who won it for the first time in 1953.

The Field Hockey Honor Team began its practices early in the season with fourteen active participants. During the season we played such colleges as the University of Massachusetts, Bridgewater, Colby Junior, Radcliff, Endicott Junior, and Bouvé Boston College. We were invited to participate in the New England Intercollegiate Field Day at Wellesley College. At the Field Day, Natalie Peterson was chosen as goalie on the All College Team to play against the Irish Touring Team. Nat went on to further her hockey career by playing for the North Hampton Club team in Massachusetts and from there being chosen for the Northeastern team to play against the West in Michigan.

Basketball

Close on the heels of the hockey season comes that old standby, Basketball. Excitement and tension are high as the female "dead-eyes" line up for the keen house competitions. It was a hard-pressed Eleanor Roosevelt team that finally succeeded in downing the enthusiastic Commuters for the covered house trophy.

Intramurals are immediately succeeded by club activities. Despite a heavy schedule, the club managed to compile an impressive record. Unforgettable were the Massachusetts playday and that exciting UConn game, not to mention our own playday at Keaney. Happily our "covet aces" fold up their "new" pinneys and say good-bye to another season gone past.

Volleyball

Spike It! Side Out!

These are all part of the game of Volleyball. A slower game than basketball to be sure, but a game in which enthusiasm and skill run high. Every member of the team is important, from the shortest to the tallest. The excitement builds high and every effort is aimed at keeping that ball in the air, although sometimes it appears as if it is going to hit the ceiling or bounce off the wall, which it oftentimes does. Very few intercollegiate games are played, but fun is had by all who show up at the practices.

Lacrosse

As Spring comes to URI, so comes Lacrosse. Although Lacrosse is the oldest North American game, it is still in its primary stages here at URI. Its aerial nature and team positioning make it a sport requiring good coordination and well developed skill. It is a source of discouragement to the beginner, but as time goes on discouragement undergoes a transition to satisfaction and enthusiasm.

Each year the URI Women's Lacrosse Club, under the capable guidance of its faculty advisor, Miss P. J. Harris, progresses to keep pace with clubs from neighboring colleges. Instructional playdays and field trips to exhibition games as well as regular practice sessions are integral parts of club activities. It is certain that if present enthusiasm survives, the attributes of Lacrosse will soon be realized along with those of other major women's sports on campus.

Row 2: M. McGrath, M. Madsen, S. Smith, A. Shepley, A. Wenderoth, E. Conn, E. Losiewicz.

Women's Rifle Team

If you should see some of the gals headin' 'cross the campus for Rodman Hall in the early evening hours, dressed in faded denims, saddle shoes, and the ole man's best white shirt, don't be too alarmed, it's just members of the URI Girls' Rifle Team en route to the range to participate in a little recreation of the type that made Annie

Oakley the "Queen of the West." The team boasts of such modern day "Annie Oakley's" as Natalie Peterson, Joanne Jelke, Trudy Little, Pat Petrone, Mary McGrath, and Edith Conn. These gals represent one of the top Girls' Teams in New England, so beware boys; they seldom miss.

Modern Dance

Let's dance — for health, relaxation, and entertainment. Modern dance is a form of art through which a person expresses a deep emotion or feeling by means of bodily movement. Each movement is peculiar to the particular dance and mood she is interpreting. There is no set pattern of dance steps as there are in ballet; hence there is a greater range in freedom of composition. This is illustrated by the wide variety of beautiful dance compositions that are seen on television. On any program where there are dancers and music, there is modern dance.

Row 1: M. Passannanti, N. O'Connor, C. Lowensohn, R. Allegretto, L. Mosher.

Row 2: M. Satnick, M. Rider, J. O'Rourke, J. Marriott, B. Schmidt, N. Peterson.

Tennis

Spring and Fall, the E. R. tennis courts resound to cries of "match point," and "deuce," as the Tennis Club struggles with form and the one hundred and ten factors that are incidental to it. Although tennis is primarily a Spring activity, the club practices in the Fall and the members use the indoor backboards in Lippitt during the winter. When Spring finally rolls around, the instructor wonders to what avail the winter workouts have been as a fierce backhand smash turns into an innocuous lob. The twenty foot screens

prove inadequate as a powerful forehand soars over them, and the swamp dwellers have added another ball to their collection. Amazement at a perfect placement, laughter as the ball dribbles under the net

rather than over, the healthy ping of a new stringing job, sore muscles the first three times, matches with UConn, Bradford Junior College, they all go to make up the genteel pastime we call Tennis.

Rhody Revue

One of the most elaborate variety shows to hit Rhody's campus in many years was presented when, after weeks of rehearsing, "On Stage Rhody" was produced successfully around the theme of various T.V. variety shows.

Participation in the Star-studded cast was from various housing units and members of the faculty. The fast-moving, clever antics, of our renowned performances delighted the packed houses and showed the public once again the hidden talents on the social side of campus life.

PANHELLENIC SING

The floating strains of sweet music drifted over the campus . . . the all-girl chorus' tingled spines and the rest of the students sat in amazement . . . certainly these weren't the same hollow sounds that had drifted out from sorority row for weeks previously? . . . the smart guy said "four part giggles," but everyone knew it was a night not to miss.

FRATERNITY SING

A party for all win or lose . . . who's singing what part? . . . Campus clowns become crooning Carusos as the men display their finer talents . . . The mood is informal, but the music slips well from parched lips . . . unbelievable! not Phi Mu again, but let's hurry up judges . . . things to do. The tension is over . . . "You'll Never Walk Alone," "The Drink Song" . . . sound appropriate?

Phi Mu Delta

A Night to Forget

Cigar smoking card sharps test talents against the "house" . . . the wheels are crooked and the dice loaded, but who cares . . . what! only \$50,000 this time? . . . The Nevada atmosphere quickly instills the gambling spirit, but more than that . . . Profs wink slyly as they slip one out of their sleeve and show students they not only fool them at exams . . . time to count money, the dancing stops, prizes awarded and in a few hours back for the coffee before church . . . the atmosphere has changed and Monte Carlo so far away.

The Coronation March

OPEN HOUSE

Parents, Alumni, Friends, all welcome . . . Our University, we're proud and we'll show you . . . concert, exhibits, rodeo and the parade . . . girls in gowns, the procession, a queen . . . our guests browse, our University and everyone is proud and aware that the shaded elm campus and ivy entwined facilities are fulfilling expectations . . . boys to men, scholars and leaders . . . night falls, people depart and we all are so impressed . . . Our School.

R. I. CARNIVAL

Everyone turns athlete and there are prizes for all . . . nail driving and blue fingernails, dart throwing, but still the balloons stay . . . maybe the "spirit" of Homecoming was too much, but dancing, refreshments and reminiscing tops off a day when the athletes turn from helmets to top hats and bark bargains instead of signals.

SIGMA CHI DERBY

The gals invaded the gym this night...a display of power, tricks and skills... the coveted derby is the incentive for the grasping, gasping, giggling gals. Bruises, blisters and raspberries... at least the men were shown how it was done or at least... how "ladies" do it and the girls could discount their aches and pains to a night of fun and laughter for all.

The "freaks" at lunch

Sigma Chi Derby

FREAK DAY

Ever see a Chinese Eskimo? ... Dancing ladies, fluorescent shoes, veils, mustaches... casual glances add embarrassment to insult as lectures become side shows and the Union strangely deserted by Freshmen girls... night falls, so do costumes... Sophistication stuns onlooker as the "freaks" turn real... not even such a demonstration slows down nightly calls to E. R. ... a day quickly forgotten but long standing in the tradition of campus life.
